9 TWO STORY BUILDINGS FOR 12TH STREET

PLANS AND SPECIFICATIONS FOR SIX ALREADY COMPLETED. MATERIAL NOW BEING HAULED.

This morning a representative of the News was shown the blue prints of the six buildings to be erected on 12th street by L. J. Little, Lee Daggs, Houtt & Rayburn and Bat Roach.

The Daggs-Little buildings will occupy the four lots next to the city hall. They will be 100 feet in depth and have a frontage of 100 feet. The front of these buildings will vary somewhat from others of Ada, the glass being six feet back from the walk, and the projecting upper story supported by arches. Ada brick will be the principal material used, but the front will be of white brick trimmed in Carthage stone. Mr. Little will occupy the second building west of the city hall with his grocery store, and S. E. Chapman and wife will occupy the entire upper floor of the buildings with a modern hotel.

The Houtt-Rayburn-Roach buildings will each be 25-100. Like all others on 12th street, they will be two stories in height. The fronts will be of the same general pattern as the other four, but will be of red brick, trimmed in Carthage stone. They will have the same kind of fronts on the lower story, but the upper stories will be supported by columns, instead of arches. The plans of the entire block of six were drawn by W. B. Mallette of Ada.

Material is already being put on the ground for the first four, and the contract for the other two will be let at once and all six built at the same time.

When these are completed, there will be a gap of 75 feet to be filled in. Moses Johnston owns one of these three lots, and Judge T. D. McKeown the other two. It is understood that they will be ready to begin work on their buildings in about 30 days.

When these are finished, the block on 12th street will be the only one in Ada in which all buildings are two stories in height. Furthermore, all are of the uniform length of 100 feet. These nine buildings will represent an investment of about \$30,000 a very tidy sum to be expended at one time in the same block.

SUPREME COURT CONSIDERS INDIAN LAND CASES

Washington, Oct. 12.—Some thirty thousand conveyances of Indian lands in Oklahoma today came up for scrutiny by the federal supreme court. The government is seeking to have these conveyances set aside on the ground that the Indians who made them were without the ability to do so, because of governmental restrictions against the Indians alienating their land.

Having in view cancellation of these conveyances, the government in 1908 and 1910 brought 301 suits against sixteen thousand defendants. Four test cases have been fought through the lower federal courts and were up today for oral argument before the supreme court.

Objection was made to the suits on the ground that the United States has no interest in the subject matter of the litigation and that the Indians concerned should have been made parties and that the suits were "multifarious."

The government has replied to the first two objections by saying it still stands as guardian for these Indians, despite the fact that it has made them citizens and given them title to the land, and to the last by a technical argument.

Arguments for New Election.

Oklahoma City, Ok., Oct. 12.—Proposition for creation of Cache county out of the southern part of Comanche was revived today by arguments before Gov. Cruce for a proclamation calling a new election in the territory involved. An election was held last October when face of the returns showed the new county scheme to have been defeated by about 100 votes. Contest was brought during the Haskell administration, but was not determined until Gov. Cruce had been in office several months. He ruled

that the vote was adverse. In the meantime, on January 19, a new petition changing the boundaries slightly, but including practically the same area, was filed for a second election. It is a question with Gov. Cruce whether the new petition is legal, inasmuch as it was circulated pending determination of the first vote, and upon that point the governor said, the case will turn. Walters is to be the county seat of the new county.

Walsh Will Not Be Released Now.

Leavenworth, Kan., Oct. 13.—In the first list of paroles granted by the federal board of paroles at its last meeting, the name of John R. Walsh, the Chicago banker, does not appear. Either ten or eleven men at least two of whom were bankers, have been ordered released, it is understood.

Walsh's hearing came up before those of some of the men who are to be paroled, it is understood. As the cases are taken up numerically by the board is thought to be an unfavorable sign for Walsh.

It is possible, of course, for the board still to pass on Walsh's case, but the fact that it has been passed over once without favorable recommendation makes the outlook more discouraging for the former Chicago banker.

Will Pay Bonuses on Marriages.

Spokane, Wash., Oct. 11.—Fraternal Souvenirs of the World, originated by J. C. Gage, 1124 Courtland avenue, Spokane, announced today that the purposes of the organization are to increase marriage and decrease immorality. Cash bonuses for weddings are expected to accomplish the first named, while for the second the order plans to abolish the so-called "dual standard of morality" by making social outcasts of persons guilty of improper living. Mr. Gage, who was a rancher in eastern Washington until a year ago and before that was a school teacher in the east, says: "We believe happy homes to be our nation's only safeguard and thus encourage marriage by paying members certain benefits on their wedding day; educating both sexes in the art of home-making, so that society may be free from divorce; assisting our single members to find their ideals of the opposite sex through this organization that they may marry and build up happy homes." He added that all white persons over the age of 14 years are eligible to membership. The first wedding will take place in April, 1912.

The Cox-Lee Mercantile Co. has about completed the work of moving its stock of goods to Stonewall. The News regrets to see this firm leave town, but wishes it success in its new location.

WOMEN WIN SUFFRAGE FIGHT

LATE RETURNS INDICATE VICTORY OF AMENDMENT IN CALIFORNIA.

San Francisco, Cal., Oct. 12.—Woman suffrage has triumphed in California. Straggling returns late today wiped out the majority previously recorded against the amendment and since this turn the margin in its favor has increased steadily.

Returns early tonight showed: For the amendment 119,086, against

STOVES SMITH'S

203-5 W. Main St.

117,408; majority for the amendment 1,678.

These figures represent the returns from 2,717 precincts out of the 3,121 in the state. Virtually all of the remaining precincts are in counties which heretofore have given suffrage majorities.

Tabulations Are Suspended.

So overwhelming was the vote in favor of the other important amendments—the initiative and referendum and the recall, including the judiciary—that tabulations of the returns were suspended with nearly a third of the precincts remaining unreported. The final count taken showed the following results:

For the initiative and referendum 138,181, against 44,850.

For the recall 148,572, against 46,290.

Status of Woman Suffrage in Various States.

In addition to carrying Tuesday's election in California, women already possess equal suffrage at all elections in five states—Colorado, Idaho, Utah, Washington and Wyoming.

Women vote only at municipal and school election in one state—Kansas. Women have school suffrage in some form in these additional states: Arizona, Connecticut, Delaware, Florida, Idaho, Illinois, Iowa, Massachusetts, Michigan, Minnesota, Mississippi, Montana, Nebraska, New Hampshire, New Jersey, New York, North Dakota, Ohio, Oklahoma, South Dakota, Vermont and Wisconsin.

ADA CITIZENS APPEAL FROM DECISION OF COURT

Guthrie, Okla., Oct. 12.—Asking the superior court to supersede its judgment in the case of Frank Dale against them, E. W. Hardin, C. W.

Briles and six other citizens of Ada have filed here a counter action to the Dale suit. Dale, holder of a note from the present plaintiffs to the Guthrie School Desk and Furniture Manufacturing company, obtained judgment by default for \$1,490 at the July term of superior court here. The plaintiffs, then defendants, claim they had no notice of the trial; that they made efforts to find out if the case was on the July docket and that a deputy clerk of the superior court informed them it was not. They charge that Judge Dale was not in good faith the owner of the note sued upon and that the bringing of the suit in his name was to have the suit located here instead of at Ada where it naturally belonged. The trouble comes from the purchase of a lot of furniture for the state normal school at Ada in 1909. Payment was resisted on the ground that the furniture was of unseasoned wood and was poorly put together.

Oklahoma Central Presents Problem. Muskogee, Okla., Oct. 13.—Messrs. Lisman, Kohn and King, three New York bankers and bond brokers, who represent the stockholders of the Oklahoma Central railroad, left Thursday afternoon for an inspection trip over the line of the road from Lehigh to Chickasha. A hearing of the brokers and receiver, Asa Ramsey of the Oklahoma Central was held Thursday afternoon by Federal Judge R. E. Campbell for the purpose of deciding whether or not to refund a large amount of receiver's certificates that expire November 1. After the hearing the party left in a private car over the Missouri, Oklahoma and Gulf for Topeka, where they will go on to the Oklahoma Central line.

The Big Sale at Gubin-Barack Company's Store Attracts the Crowds

If you haven't attended the big sale conducted by the Gubin-Barack Company you're missing some real excitement—incidentally you may be overlooking some opportunities of saving money. The big features of this sale are the men's and women's ready to wear lines which are so attractively arrayed in their various sections. The new styles certainly look well. There are endless new weaves and materials which not only please the eye but give promise of warmth and durability. As for colors, never were they as beautiful as this season; the new browns, in men's wear and several rich purples in women's apparel are the striking color notes of the season.

There also seems to be a most decided innovation in trimming ideas, and there is no lack of novelties.

Besides ready made garments this sale offers savings in men's women's and children's foot wear, dress goods, household linens, and so on. Altogether this is a remarkable sale, both for the goods displayed and the inviting manner in which the sale is conducted.

City Attorney May Carry Gun.

Perry, Okla., Oct. 13.—On the theory that a city attorney comes under the head of "public officers," County Judge Robinson has ruled that the city attorney of Perry may carry a gun. The ruling came in the case wherein F. S. Winn, former city attorney, was arrested charged with carry concealed weapons.

Many who deny that there is any superstition in their natures, will admit that at times they are just a trifle nervous.

Any erroneous reflection on the
character, standing or reputation of
any person, firm or corporation which
may appear in the columns of The
News will be gladly corrected upon
its being brought to the attention of
the management.

Obituaries and Resolutions of Res-
pect of less than 100 words will be
published free. For all matter in
excess of 100 words a charge of one
cent per word will be made. Count
your words and remit with manu-
script.

NOTICE TO THE PUBLIC.

For the convenience of the
public, the Evening News will
hereafter be on sale at the Post-
office News stand for the small
sum of 2c. The same rate will
prevail at the News office. This
is less than the actual cost of
the paper, and it is impossible to
make the price any lower. The
publishers would like to give it
away, but every paper costs mon-
ey to print, and if it is worth
reading at all, the News is cer-
tainly worth the small sum ask-
ed for it.

Have you had any bad luck today?
This is Friday, the 13th, you know.

At last the 30,000 Indian land
cases are before the United States
Supreme court. No matter which way
the decision goes it will be a great
relief to know just where we stand.
With all clouds of doubt removed,
the greatest bar to the progress of
Eastern Oklahoma will have been re-
moved.

Only two classes of men can af-
ford to be pessimists. One is the
down and out, and the other is the
millionaire. The first named doesn't
care a cuss what happens to him, and
the last is in a position to be inde-
pendent, and doesn't need to regard
the opinion of others very highly. All
others, however, must look on the
bright side of things, and above all
the editor must never permit any
pessimism to creep into his columns.
No matter what happens he must
whistle a cheerful tune.

With all the new two-story build-
ings that are being erected in Ada,
the News would like to see the up-
per floor of some one of them con-
verted into an opera house. That is
the only thing lacking to make Ada
right up to date. It is seldom, indeed,
that a town the size of Ada has no
better opera house facilities than we
have. Heretofore the town has never
given anyone enough encouragement
to warrant fitting up such a place
but with the need confronting us as
it does, we think that surely the citi-
zens will come across this time.

The business men of Sapulpa are
threatening to go after the scalps of
most of the doctors of the town. They
charge that said M. D.'s are in the

everything from ladies' hats to autos.
The business men think that the doc-
tors should spend their money among
the people upon whom they must de-
pend for their livelihood. The Sapul-

other cases of the kind while they
are about it, and not just single out

Aviator Rogers, who has reached
Kansas City in his coast to coast
aeroplane voyage, is expected to pass
over Muskogee in a day or two. The
three or four aviators who are giving
exhibitions there, are planning to sail
out and act as an escort to the magic
city of eastern Oklahoma. From there
he will follow the Katy tracks to San
Antonio, Tex., and then turn west-
ward again.

WOMEN AND THE NEWSPAPER.

To womankind, the news of the re-
tail stores as seen in the advertising,
makes an intimate personal appeal,
because closely related to home in-
terests.

Did you ever watch a woman read
a newspaper? If not, try it today.

Our observation, both at home and
abroad, indicates that women show a
very keen interest in the advertising.
They look with avidity to see who is
cutting the prices of children's cloth-
ing, who has the most fetching styles.
They weigh every word of what the
merchant says to them. It is with a
less personal interest that they turn
to the political and general news.

Retail advertising is to the home-
keeper what the crop news is to the
farmer, what the wholesale market
report news is to the grocer. Women
naturally feel this alert interest in
the advertising, because to their ef-
fort to make family income accom-
plish the largest results. Merchants
who fail to co-operate with this effort
by an adequate public statement of
prices and values, are simply ignored
in the apportionment of domestic ex-
pense.

When a politician's name is rarely
seen in the dispatches, the voters as-
sume he is out of the game. When a
merchant's name rarely appears in
the advertising, the women assume he
is lost in the shuffle. No business en-
terprise can afford to ignore the wo-
men.—Bartlesville Examiner.

Reckoning from the dates under the
old style calendar, Oct. 12 is the 419th
anniversary of the discovery of Amer-
ica by Columbus. To cross the At-
lantic in the vessels of those days was a
daring feat, but as an indication of
the progress of the world, an aviator
is now crossing the American contin-
ent in an aeroplane, and another is
preparing to cross the Atlantic in a
dirigible balloon. Verily the world
moves.

Of course it is nice to think about
having one's way in everything, but
that being out of the question there
is a great deal in knowing just when
it is best to let the other fellow have
his way.

The Love Pirate.

Did you ever have your funny bone
tickled? No. Well the Love Pirate at
the City Hall opera house Saturday
night, Oct. 14 is most certain to
tickle you.

A side splitting, rip roaring, heart
tickling comedy that makes you
smile, you snicker, you chuckle, you
laugh, you scream and you shout.
Then you go home happy and tell ev-
ery friend you meet the next day that
you saw one of the neatest, cleanest
little song plays that you had ever
seen and you mentally resolve to go
again if you ever get the chance.

The Love Pirate is acknowledged to
be one of the most successful com-
edies ever presented and abounds in
amusing and funny situations and
contains fifteen musical numbers
written especially for this produc-
tion. Prof. Max Von Strauss, the
great Chicago critic in speaking of
this show says: "The Love Pirate is
one of the cleanest neatest and most
entertaining comedies I have ever
witnessed and is deserving of a long
and successful season." At City Hall
Opera house Saturday night, Oct. 14.

NORMAL NEWS.

The students of East Central re-
ceived a rare treat today. Mr. Roy
Young, a violinist of national repu-
tation entertained us the entire chap-
el hour. His selections were those
which require the very greatest skill
to render.

Mr. Young was formerly teacher of
violin in the State University, but is
now on the Lyceum platform.

On next Tuesday all the different
classes of the school will organize.
Rev. E. M. Sweet, Jr., was a chapel
visitor today.

All girls interested in public read-
ing will meet with Miss Spriggs at 4
p. m. to organize a class or club.
Girls as well as boys should know
how to say what they think when
facing an audience, and it is hoped a
good number will be present this af-
ternoon.

The Y. W. C. A. held its regular
weekly meeting yesterday and usual
business was gone through with. The
members were favored by a reading
from Henry Van Dyke's, "The Other
Wise Man," by Miss Ola Davis.

Up to date, there are about twenty
applicants for the girls' basketball
team, and every afternoon the dif-
ferent squads practice under the di-
rection of Coach Little. It is thought
the first game will be played about
Thanksgiving.

GROWS HAIR ON BALD HEADS

Bald-Headed People May Get a New
Chance in Life.

In these days when youth is the
moving factor in business, when a
man makes his mark at thirty-five
and is ready to retire at forty-five,
when business houses pension the
man we call "middle aged" rather
than allow his lagging influence to
intrude upon the commercial rush, a
bald head is almost fatal to any man's
hopes. The following must therefore
prove interesting to people who are
losing their hair or who are bald.

Resorcin is one of the latest and
most effective germ killers discovered
by science, and in connection with
Beta Laphol, which is both germicid-
al and antiseptic, a combination is
formed which destroys the germs
which rob the hair of its nutriment,
and also creates a clean and healthy
condition of the scalp, which prevents
the development of new germs.

Pilocarpin is a well-known agent
for restoring the hair to its natural
color, where the loss of color has been
due to a disease of the scalp. Yet, it
is not a coloring matter or dye.

This combination of curatives mix-
ed with alcohol as a stimulant per-
fects a most effective remedy for
hair and scalp troubles.

The famous Rexall "93" Hair Tonic
is chiefly composed of Resorcin, Beta
Naphthol and Pilocarpin. It helps to
make the scalp healthy, to nourish
the hair, to stimulate the follicles.
Where the head is already bare, it en-
ters the follicles, revitalizes the roots,
supplies nourishment, and stimulates
a new growth.

We want you to try a few bottles of
Rexall "93" Hair Tonic, on our per-
sonal guarantee that the trial will not
cost you a penny if it does not give
you absolute satisfaction. That's proof
of our faith in this remedy and it
should indisputably demonstrate that
we know what we are talking about
when we say that Rexall "93" Hair
Tonic will grow hair on bald heads,
except, of course, where baldness has
been of such long duration that the
roots of the hair are entirely dead,
the follicles closed and grown over,
and the scalp is glazed.

Remember, we are basing our state-
ments upon what has already been
accomplished by the use of Rexall
"93" Hair Tonic, and we have the
right to assume that what it has done
to hundreds of others it will do for
you. In any event you cannot lose
anything by giving it a trial on our
liberal guarantee. Remember, you can
get Rexall Remedies in this commu-
nity only at our store—The Rexall Store
—The Gwin & Mays Drug Co.

Oil Men at Roff.

Crosbie and Gird, representing J.
A. Crosbie, Shaffer Bros. and the Hol-
land Syndicate, arrived in Roff on
Sunday and went to the Ed Fussell
ranch north of Roff to select the spot
to begin drilling operations for oil
and gas, so we were informed by Mr.
Gird, on Sunday evening. He further
stated that preparations were being
made to begin active operations with
in 2 weeks and that they will be drill-
ing by November 1st, at the latest
date. They feel very much encourag-
ed over the outlook for oil and gas
in this territory, Mr. Gird believing
this will prove as big a field as the
Glenn pool.

The string of tools will be ship-
ped to Fitzhugh and hauled from that
point to Ed's place, and before many
days the drill will be punching its
way into the bowels of the earth.—

The Kirschbaum Clothes (Cherry Tree Brand).
The snappiest suits, the swellest overcoats
that have ever been shown anywhere by anybody.
Not freak styles—we don't handle that kind of
clothes.

Not the grotesque sort that soon get tiresome
and make a man wonder why he ever bought
them.

But every suit and overcoat in absolutely good
taste; with style that grows on a man and makes
a fine impression as long as he wears the clothes.

Hand tailoring throughout; and every fabric
guaranteed "All-wool."

The Kirschbaum label is the identification mark of the
finest clothes made.

Inspector Lewis of the postoffice department is expected to arrive this afternoon to make another inspection of the free delivery situation. There is little doubt about his report being favorable, now that the street corners have been marked and the houses numbered.

After spending a few days in Oklahoma City and Guthrie on business, J. F. McKeel is convinced that Ada is the best and most favorably known town in the state. The fine water supply is one strong point in the city's favor, and Mr. McKeel was more gratified than ever with what we have here, after he tried the water of Oklahoma City.

One of the best moving pictures ever shown in Ada will be at the Majestic tomorrow evening. It is entitled "The Signal Tower," and shows a very daring rescue by the brave keeper of the tower. Full of dramatic interest from start to finish. Mr. Ward has been trying to get this picture for the past month, but it was in such demand that he is just now getting it.

Rexall Convention at Boston.

One of the most forceful demonstrations of what co-operation can accomplish is shown this week in Boston at the ninth annual convention of the stockholders of the United Drug Company.

In many ways this convention is unique. I doubt if any other single organization has accomplished what the United Drug Company has succeeded in doing in such a short time. Stockholders with their families, numbering some 2000, are here from every section of the United States and Canada, while others came from distant places, such as England, Hawaii and the West Indies. These are all representative business men, each the leading druggist in his respective town and no two men are from the same place. Not a few had to travel many days to make the trip to Boston. It is noticeable, also, that many of these people have been coming to these conventions year after year, showing most conclusively an earnest interest in the sessions as well as proving the value of the gatherings.

When the regular business of the session was resumed, President Liggett reviewed the work of the company for the past year, which showed the tremendous growth of the concern in that time. He then traced its progress from its organization nine years ago. His report showed that the

The first Comptroller of the Currency, addressed the banks in 1863 as follows:

"Do nothing to foster and encourage speculation. Give facilities only to prudent and legitimate transactions. Distribute your loans rather than concentrate them in a few hands. Treat your customers liberally, bearing in mind that a bank prospers as its customers prosper."

The above are fundamental principles on which this Bank conducts its business and history has proven them to be sound. If such banking methods appeal to you, we would like to have you join us.

LIVE NEWS ITEMS FROM WASHINGTON

(By C. H. Tavenner.)

Washington, Oct. 11.—The president has been in the west. The people have listened to his defense. And they still believe he did wrong in vetoing the honest efforts of both branches of congress to reduce the awful cost of living in the United States.

Such is the tenor of the news that has come over the wires from the special correspondents who either accompanied or trailed Mr. Taft on his 13,000 mile swing.

Athur Henning, Washington correspondent of the Chicago Tribune, interviewed hundreds of westerners and found that the people generally liked Mr. Taft personally but absolutely disapproved his record as president.

Angus McSweeney, the celebrated Washington correspondent of the Philadelphia North American, (also republican) wired from Topeka, Kan., as follows:

"President Taft did not make a dent in the surface of strong progressive sentiment in the state of Kansas during his visit here."

It developed, too, that a great many men, in all walks of life, candidly admitted that next year they proposed to vote for a democrat for president, notwithstanding they always before had voted for a republican. A great many of these referred to the magnificent record the democrats made in congress last session, and frankly admitted that since the democrats had shown real ability to govern, and govern well, it was no more than their due than they should be given greater responsibility.

All Legitimate Business Safe.

Chairman A. O. Stanley, of the steel trust investigating committee, says the republicans are endeavoring to create the impression that the democratic investigation of the steel trust is in the nature of an attack on the steel business. He denied that this is true.

"Republican newspapers," said Mr. Stanley, "are trying to make the country believe it is persecuting the steel corporation. Nothing could be further from the truth. The investigation has been conducted with the utmost fairness, and not a single one of the steel men who testified failed to thank the committee for the fair

and generous way in which he had been treated.

"The democrats realize the necessity for constructive action. They want the country to feel that no legitimate business is going to suffer at their hands, and that no business which is not legitimate is going to prosper if they can help it.

"The democratic party is not bent upon a ruthless policy of destruction, and no legitimate business need fear that it will be treated unfairly."

That Tariff Board Is a Peach.

Is it fair to judge President Taft's tariff board by what the chairman of the board himself thinks of it? If so, it is a sort of a joke.

Chairman Emery of the tariff board in speaking at a banquet of the American Association of Woolen and worsted manufacturers at New York City, said:

"There are certain things that are very difficult to get, and one thing, that according to the platform of the republican party—and incidentally that does not mean anything to me, except that I have been given the job according to that platform—is to try to get the cost of production. I thank you all gentlemen, that you did not laugh. (Laughter.) I frankly say right here that this idea of settling things on cost alone is all nonsense. You must not think I am joking about this thing, but there is a joke about it, and the joke is this: I have no powers whatsoever. The tariff board has no powers. There is really no such a thing as a tariff board. The law says that for certain purposes the president may employ such persons as he sees fit. I am one of such persons. That is all." (Laughter and applause.)

And it was because of this board, even the chairman of which treats as a joke, that President Taft vetoed the efforts of both branches of congress to reduce the cost of living.

Protection Boosts Prices.

The United States is not the only nation suffering from excessive protection. The rigid protective policy of Germany, though not nearly so drastic as that of the United States, has so increased the cost of living as to compel the most severe economies on the part of the wage earners. The families of the masses cannot afford the luxury of meat. Horses, and even dogs, are killed in large numbers for consumption as food.

Wages are not increasing in Germany, nor are labor conditions being

improved. In the last five years statistical returns show that, making due allowance for increase in population, that employment of females in industrial occupations where male labor is to that extent supplemented, has increased over 33 per cent.

Kenyon Progressive-Reactionary.

The only prominent republican progressive who persists in declaring that Taft ought to succeed himself as President is senator Kenyon of Iowa. This senator, it will be recalled, was one of the famous family of republican "trust busters," and as such drew down one of the famous fees which Mr. Wickersham disbursed with such a lavish hand. Could it be that the fact that Senator Kenyon was on the Taft payroll have anything to do with his regularity?

The Voice of Morgan.

"Investigations hurt business," bewails the New York Sun. "Let business proceed unhampered," is its cry. The Sun is now the organ of J. Pierpont Morgan et al., and it is entirely possible that its wailing means nothing more than that Morgan and his gang hate to be disturbed in their pillage of the people.

I. N. Barrett, of Steedman, was around yesterday morning, and moved his subscription figure up over a year ahead. Mr. Barrett has been reading the News a long time, and is a man who knows how to appreciate a good thing when he sees it.

TYROLA TINKLINGS.

Mr. R. L. Thompson, of Rochester, Texas, is here on a week's visit to his niece, Mrs. J. H. Hill.

Mr. J. J. Bailey was in Oklahoma City Tuesday and Wednesday, attending to some rush business. He claims himself to be a busy man.

Mr. J. F. Hill was taken sick last Wednesday, but he is improving rapidly.

Mrs. C. Hill has returned home, after spending a few days visiting Mrs. Roach at Ada.

Mr. J. R. Bevels doesn't know any of his old friends here since he has removed to Ada, and bought a new wagon.

Mr. Frank Smith met with an accident the other day. He claims something is the matter with his hands. I think he is playing off, because he doesn't want to pick cotton.

W. L. Owen, Clifford and Marvin Hill went pecan hunting and were very successful. There seems to be a very good crop around here this year.

C. W. Nutt, who lives near Stonewall, dropped into the News office Tuesday and added his name to its subscription list. Once a reader of the News, he will remain so for all time.

Senator Jeff Davis to Be Married.

Little Rock, Ark., Oct. 9.—Announcement was made in this city today of the approaching marriage of Jeff Davis, Arkansas' picturesque United States senator, and Miss Lela Carter of Ozark, Ark.

The ceremony will take place at Ozark Thursday afternoon. The bride-elect is the daughter of Dr. W. A. Carter, one of the oldest and best-known citizens of Western Arkansas. Senator Davis will leave with his bride immediately after the ceremony for an extended trip on the Pacific coast.

Senator Davis is a widower and lawyer. He won fame by his speeches on the stump in the backwoods of Arkansas and by vigorous attack upon the trusts in a speech in the senate.

Prof. O. M. Jennings, principal of the Center public school, was an Ada visitor Monday. This is his first year as a teacher in Pontotoc county, but from the training he had in the school he attended before coming here, and from his work in the Normal, he will soon rank among the best teachers in the county.

Episcopal Bishop Coming.

Right Reverend Theodore C. Thurston, Bishop of the Diocese of Eastern Oklahoma, will conduct services at the Cumberland Presbyterian church 15th and Townsend, Sunday evening, October 15, at 7:30. Every one cordially invited to attend. All members of the Episcopal church are urged to meet the bishop.

Cement in Oklahoma.

The annual report of the cement industry in this state shows that already this may be regarded as a \$2,000,000 industry and one having a bright outlook for the future.

Geologists have investigated Oklahoma's plaster and cement deposits and state that it could supply the entire United States for a hundred years. From this it will be seen that the cement industry, so far as this state is concerned, is in its infancy. It may be confidently predicted that this will become a \$50,000,000 to \$75,000,000 industry in Oklahoma within a decade. —Oklahoman.

Guest Brothers

Dry Goods Store

Can You Answer the Following Questions?

If You Can, Why Not Put Them Into Practice

1st. Don't you think proper and to your interest financially to make economy a study?

2nd. That money saved is money honestly made?

3rd. That its cheaper to buy Dry Goods, Boots, Shoes, Suits etc. that absolutely make good?

4th. That a Shoe, for example, that will wear you a full season and cost you \$3.50 to \$5.00 is cheaper than two pairs \$2.00 to \$3.00 that will not wear you the same length of time.

Guest Brothers absolutely guarantee every piece of merchandise that they sell to give you perfect satisfaction for the money invested.

Try them once and compare what you buy to the goods you have been buying elsewhere and then figure the per cent you have made. They carry K. O. Shoes for Men; H. & M. Shoes for Ladies, Peter's "Weatherbird" Shoes for the Children. No better can be had or they would not stop until they had them.

Also don't forget they have the Guaranteed "WUNDER" HOSE for the entire family. 4 Pcs to box guaranteed to wear without mending 4 months, only 25c per month for hose. Is this not economy pure and simple?

Guest Brothers carry a complete line of Ladies and Gent's Furnishings. So when in Ada don't forget to visit them and at once you will observe on entering their store that their goods are new, up-to-the-times and to be had at the right price. So come on, exercise good common sense and quit looking for cheap junk but look for merchandise that will be worth 100 cents on your \$1 invested.

OFFICERS THOUGHT MUSICIAN CRAZY

Claremore, Okla., Oct. 11.--Roy Young, the Oklahoma City composer, who is making a wide reputation with his bird song compositions, was mistaken for a lunatic yesterday afternoon while in the woods studying bird music. He sat on a log and with his violin was imitating the bird songs. Before he was aware of their presence, he was surrounded by men armed with shotguns and other weapons. An officer came from behind a tree and called to him to throw up his hands.

Young was taken to town where friends rescued him.

Mr. Young, the gentleman above referred to, was in Ada this morning conferring with the members of the normal athletic association regarding a concert to be given by him at some later date. To a representative of the News he expressed his amusement over the incident, but says it was not funny while it lasted. He admits that he was just a trifle startled when deeply absorbed in his efforts to imitate the little birds to suddenly find himself looking down the barrel of a 45, and to see a long knife in the hands of another visitor, and to be informed that he was wanted on a charge of lunacy. Evidently those fellows were not capable of appreciating good music when they heard it.

Why Ham Released the Prisoner. Hamilton Webster (called "Ham" for short) had just been elected sheriff of a county in one of the Western states, says Success. "He had received strict orders to keep no prisoner in solitary confinement. One evening he found himself in possession of but two prisoners, one of whom escaped during the night.

The next morning Ham opened the cell for the one remaining, a man arrested for horse stealing, and proceeded to kick him out, remarking: "Get out of here, you piece of! You stayed in to get men in trouble over that darned solitary confinement regulation, didn't ye?"

W. E. Harris of the Cornish Orphans' home, is in town today soliciting funds for his institution. He is doing a noble work for the homeless little ones of the state and it is encouraging to know that he received some nice contributions at Ada.

Postmaster on the Bench.

This morning Postmaster Winn happened into the court room while the Ada bar was holding a session. Not knowing the object of the meeting, he gave the boys some good natured roasting for ignoring him, stating that he was still a member of the organization. They very neatly turned the tables on him by electing him special judge to try the suit of S. R. Tolbert vs. Geo. Colbert. He was equal to the occasion, however, and after hearing the case rendered a decision in favor of Tolbert.

Compress Receipts 13,000 Bales.

Manager Lasater reports that to date the Ada compress has received about 13,000 bales of cotton. This, of course, includes the yard receipts of Ada.

The yard receipts at 3 o'clock today were 4,805 bales, and Mr. Lasater has placed a bet with Sherwood Hill, the county weigher, that the figures will have passed the 5,000 mark by tomorrow night.

NOTICE.

For the mother in the home to be strong and well, able to devote her time and strength to the rearing of children, is one of life's greatest blessings. Often the bearing of children injures the mother's health, if she has not prepared her system in advance for the important event so common with expectant mothers. It is a penetrating oil that thoroughly lubricates every muscle, nerve and tendon involved at such times, and thus promotes physical comfort. It aids nature by expanding the skin and tissues and perfectly prepares the system for the coming of baby. Mother's Friend assures a quick and natural recovery for every woman who uses it. It is for sale at drug stores. Write for free book for expectant mothers. BRADFIELD REGULATOR CO., Atlanta, Ga.
